

John Felkins, Owner

The Accelerant Advantage

Accelerant Consulting serves motivated, high-potential clients by focusing on your goals not our agenda. Our passion is to see our clients' condition dramatically improved due to our involvement.

"John is an insightful and caring individual. He worked extremely well with our staff and partners. Our employees related to him easily and felt comfortable with him. He was able to establish a rapport in a short amount of time. He was helpful in identifying problems and creating solutions."

Ruth Warren, Clark and Clark

Organization | Leadership | Strategy | Innovation

Typical Client Results

- Clients move from problem solving to setting the pace of performance in their market
- Winning strategies are formulated AND successfully implemented
- Decision making is improved so that success becomes the standard
- Employees are empowered to make decisions that are aligned with company goals
- The culture of the company is improved to reflect the highest values of the leadership
- Employees become leaders that take ownership of their role in the organization
- Clear communication prevents misdirection, lost profit and customer attrition
